FOR IMMEDIATE RELEASE
November 11, 2009

Radiology Ltd.'s Women's Centers - Only Imaging Centers in Tucson and Southern Arizona Deemed "Breast Imaging Centers of Excellence" by ACR:

TUCSON, AZ – Radiology Ltd. is proud that the American College of Radiology (ACR) has accredited [Radiology Ltd. Wilmot Center for Women's Imaging](#) and [Radiology Ltd. La Cholla Center for Women's Imaging](#) as **Breast Imaging Centers of Excellence** and that both Women's Centers are also the only ACR-accredited Imaging Centers in Tucson and Southern Arizona in both Breast Ultrasound and Stereotactic Breast Biopsy:

According to the [ACR](#), a Breast Imaging Center of Excellence is an imaging center that *demonstrates excellence in breast imaging by successfully achieving accreditation in Mammography, Stereotactic Breast Biopsy, Breast Ultrasound and Ultrasound-Guided Breast Biopsy.*

The [ACR](#), a national organization consisting of more than 34,000 diagnostic and interventional radiologists, radiation oncologists, and nuclear medicine and medical physicists, awards accreditation to facilities for the achievement of high practice standards after a peer-review evaluation of the Imaging Center. Evaluations are conducted by board-certified physicians and medical physicists who are experts in the field.

For more information on the ACR Accreditations for each of the nine Radiology Ltd. Imaging Centers, please see second page, or visit <http://radltd.com/> or <http://espanol.radltd.com/>.

Radiology Ltd. is entirely digital (this means better image quality and a faster turn around of results), and one of the largest physician-owned group practices in Tucson. We have been providing diagnostic imaging services for more than 70 years. There are more than forty-five radiologists (doctors who specialize in radiology) and more than 400 employees at our nine Tucson locations. Each of our radiologists is a specialist in their area of expertise. Radiology Ltd. offers Digital Mammography, CT Scans, MRI Scans, PET Scans, Ultrasound, Digital Radiography, Osteoporosis Scans (DEXA), and Interventional Radiology Services.
